Registered Charity No. 1181098

Natasha

- Natasha Ednan-Laperouse died
17th July 2016
- Natasha Allergy Research Foundation founded
27th November 2018
- Natasha's Law implemented across the UK
1st October 2021

Food Allergy:

The Scale of the Problem

1 child in every class in every school in the UK has a food allergy (up to 8% of children)¹

Developing at any age, food allergies impact a whole family's food choices – it is not a lifestyle choice and not food intolerance

2-3 million people in the UK with one food allergy or more (up to 2% of adults)¹

615% increase in A&E admissions due to anaphylaxis 1992-2012²

A food allergen can act like a deadly poison to someone with a food allergy – any amount

Food allergies are a major public health concern

**Natasha
Allergy
Research
Foundation**

Medical Research

Natasha's Foundation is the only charity in the UK dedicated to funding allergy medical research.

Funding research into prevention, cause and treatments to eradicate food allergy.

Policy & Law

Natasha's law is the start but more needs to be done.

We have called on the Government to make allergy in the NHS a priority in our campaign for an Allergy Lead.

Education and Awareness

Raising awareness and understanding across all sectors and ages of the life threatening dangers that food allergies present.
