Hospital Caterers Association is a trading name of The Hospital Caterers Association limited, a company limited by guarantee, registered in England and Wales No. 13539619. VAT No: 390244504  
Registered Office: Bishop Fleming, 10 Temple Back, Bristol, BS1 6FL.

# Why should I become involved with the HCA?

The Hospital Caterers Association encompasses the single largest group of healthcare catering providers within the NHS and is the recognised voice of hospital catering. It represents catering managers who provide a wide range of food and other services for patients, visitors and staff in NHS hospitals and healthcare facilities.

The HCA is a national organisation, with 15 branches throughout England, Wales, Scotland and Northern Ireland, and more than 250 hospitals represented in its membership.

Our Association leads on the promotion of professional standards that enhance & improve NHS Catering services which support clinical requirements across the 4 Nations.

The membership fee is excellent value for money when you see the benefits that can be experienced.

# Why become a Patron?

The Patron scheme has been designed to let companies who wish to meet, or maintain contact with Members of the Association, support activities at Branch level only.

The Association offers two levels of Patronage, one for individual Patronage to a specific Branch, or Corporate Patronage which allows a company representative to attend every Branch of the Association.

It is the company that becomes the Patron of the Branch. Unlike Associate membership, a company has the advantage to allow any one person from the company to attend meetings of the Branch that has accepted them as Patrons.

Therefore, a different person can attend each meeting; however, only one person can attend on any one occasion.

A company/individual can become Patron to more than that one Branch and must submit an application to each relevant Branch.

1. One representative can attend a Branch Meeting to which the company is Patron, (apart from any closed sessions that are restricted to members). This issue is to be determined by each particular Branch.
2. The ability to become a Branch officer (excluding Branch Director)
3. Notification of dates and venues for Programme and/or Seminar's, (apart from any closed sessions restricted to members).
4. Ability to meet formally and socially and forge links with Branch Members.
5. Ability to host Branch Meetings on company territory.
6. Ability to meet informally with Representatives from other sections of the Catering Industry.
7. Opportunity to contribute, to help Branches of the HCA to develop.
8. To receive a copy of the HCA Caterer Magazine.
9. Ability to develop and maintain an awareness of trends within the Hospital Catering Industry as a whole.

# What is the Hospital Caterers Association?

Hospital Caterers Association was one of the first professional associations to be formed within the National Health Service. Inaugurated at a meeting of 25 London Hospital Catering Officers in 1948, it had enlarged to a membership of over 100 by the following year.

As interest grew amongst hospital caterers, the first branches were formed outside London in 1950, those being the North East Branch in Newcastle and the Scottish Branch in Glasgow. In the same year the Association was represented at Hotelympia for the first time.

The Association has continued to grow now having a membership of over 600 members from within catering and hotel services, represented by 15 Branches throughout Great Britain and Northern Ireland. Many senior members now hold positions in General Management, such as Hotel Services, Commercial and Facilities Management

## The Association promotes

- The continued improvement of catering standards in Hospitals and Health Care Services.
- The education and training of persons engaged in the Health Care Services, including the encouragement of persons to join Health Care Services.
- The protection and improvement of the professional interests and status of those engaged in Health Care Catering Services.

## It achieves these objectives through:

- A Code of Practice.
- A Code of Conduct.
- National Leadership & Development Forum and Study Days.
- Branch organisation and events – a National Representation of 15 Branches.
- The Hospital Caterers Association Journal, Good Practice Guides and numerous other communications.
- Representation on National Bodies.
